

Serving Canada and the USA

TECHNOLOGY INC.

## YOUR LEADING RESOURCE FOR SHEET METAL

Metalcraft starts with your concept, which we engineer into your unique prototype, then fabricate according to your specifications. We take care of assembly and outsourcing for you. We have the capabilities for shipping your product to anywhere in the world using our Kanban System.

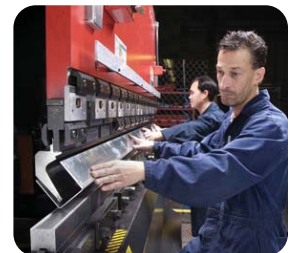

### Our manufacturing capabilities include:

- FabriVISION 3D Inspection
- CNC Turret Punch Presses
- CNC Laser-Cutting
- Automatic Tool Grinder
- Robotics Forming
- CNC Forming
- Hardware Insertion
- Welding
- Spot Welding
- Machining
- Deburring
- Shearing
- Grinding
- Assembly
- Finishing

### Metalcraft caters to a variety of industries, including:

- Electronics
- Industrial
- Printing
- Telecommunications
- Radio Frequency
- Aerospace
- Government
- Computer Enclosures & Parts
- Test and Measurement
- Power Switching and Management
- Large Industrial Enclosures
- Medical Devices
- Fireplace
- Automotive
